

Midget & Mighty Lights

Durable quality work lights compact enough for toolbox

Glare-free, cool illumination for any environment.

For safe, rugged, portable lighting that's small in size but big on features, count on K&H Midget and Mighty Lights.

Quality constructed from high-impact, shatter-proof materials, the tangle-free, coiled-cord option makes K&H Midget and Mighty Lights indispensable for tool box and workbench.

6- and 8-watt K&H Midget Lights offer durability and long life, and are suitable for work in tight areas and small openings.

15-watt Mighty Lights are just as rugged and provide as much illumination as 75-watt caged incandescent lights, but last ten times longer and are safer and more durable.

Shed light in your toughest, tightest work environments with safe, long-lasting K&H Midget and Mighty Lights.

See back of sheet for additional features, specifications, options and catalog numbers.
