

# Rodale 700 Portable Power Outlet Boxes

**K&H Rodale 700 SERIES PORTABLE POWER OUTLET BOXES**

## Safe, rugged and portable

The safe approach to temporary power distribution

When you need to bring electrical power to your work site, turn to the K&H Rodale™ 700 Portable Power Outlet Boxes.

Designed to withstand the toughest environments,

K&H Rodale™ Portable Outlet Boxes are constructed of **high-impact, oil- and shock-resistant** thermoplastic elastomer for safety and durability.

These high-visibility yellow Portable Power

Outlet Boxes are extra deep to accommodate

a wide variety of electrical cord configurations.

There are a number of pre-installed outlets and cover plates available offering weather and GFCI protection.

With our **pre-wired** Outlet Boxes, you'll save time and money too!

There's a K&H Rodale™ Portable Power Outlet Box to meet your every need. Order yours today!
